WORK EXPERIENCE

Website for the Ministry of Industry and Commerce

I participated in a team at AXELINK Maroc during one of my internships, where we developed a website for the ministry using React & .NET

Intelligent assistant app

I developed, as part of an innovation project, a virtual assistant using Spring AI capable of tasks such as scheduling tasks in Google Calendar, managing task lists in Google Tasks, sending emails via Gmail, or providing information based on user queries

PROJECTS AND CERTIFICATES

- Continuous Integration and Continuous Delivery (CI/CD) | Coursera
- DevOps on AWS: Code, Build, and Test | Coursera
- Spring MVC, Spring Boot and Rest Controllers | Coursera
- Getting started with Flutter Development | Coursera
- Full Stack App using React and Express | Coursera
- Custom E-Commerce Site in React + JavaScript Basics | Udemy
- Data Structures and OOP with C++ | Udemy

SOFTWARE ENGINEERING STUDENT @ENSET-MOHAMMEDIA

EDUCATION

- Computer Engineering, Big Data, and Cloud Computing (II-BDCC)

Scnd Year at ENSET

- DEUST : Mathematics, Computer Science, and Physics

DEUST FSTM | 2020-2022

- Baccalauréat in Mathematics and Sciences

EL KSIBA BENI MELLAL | 2019-2020

BACKEND & INTEGRATION

- Backend

JS, C, C++, Java, Spring Boot, Spring Security, Spring MVC, Spring Cloud, ExpressJS, NodeJs

- Database

MySQL, Firebase, MongoDB, Postgresq, Cassandra, Hbase

- Monitoring

Event Sourcing (Kafka)

- Hosting

AWS

- Deployment

Docker, Docker Compose, Kubernetes, Continuous Integration & Continuous Deployment via GitHub

- Analises & Design

UML, MERISE, Scrum & Agile Methodologies

CUSTOMER FRONTENDS

- Web Apps

HTML5 + CSS3 + JavaScript, ReactJs, VueJs

- Mobile Apps

Android: Kotlin, Flutter

LANGUAGES

Tamazight : Native

Arabic : Native

English : C1 level

French : B1 level
